

**REMARKS**

This paper is responsive to the Examiner's Amendment mailed September 19, 2005. Claims 1, 2, 10, 12-16, 20-33 and 42-44 are allowed. In this paper, allowed Claims 1, 13-16, 20, 25, 26 and 44 are amended to correct minor errors and/or to clarify their subject matter.

The amendments to claims 1, 13-16, 20, 25, 26 and 44 are fully supported by the application as filed. For instance, Claims 1 and 25 have been amended to clarify the definition of X and Y in formula I. Claim 1 has also been amended to correct the valency of a carbonyl group. Applicants submit that the amendments to Claims 1 and 25 are fully supported by the claims as originally filed and are also fully consistent with the Restriction Requirement of July 13, 2004.

Further, Claims 13-16 and 20 have been amended for clarity without altering their scope. Applicants note that since the Examiner's Amendment to Claim 14 did not reference the correct claim language, Claim 14 has been amended herein with respect to the claim language as amended on August 29, 2005.

Finally, Claim 26 has been amended without changing its scope to correct its dependency, and Claim 44 has been amended without changing its scope to remove an errant punctuation mark.

Accordingly, the amendments to the claims do not present new matter. Entry of the instant Amendment Under 37 C.F.R. § 1.312 is respectfully requested.

The PTO is invited to call the undersigned attorney at (650) 739-3983 if a telephone call could help resolve any issues presented by the instant Amendment.

Respectfully submitted,

Date: November 10, 2005
